# PerformanceXtras

*PCA Great Performance's 1997/98 season is a treasure-trove of music, opera, theater and dance in the newly renovated elegance of Portland City Hall's Merrill Auditorium.*

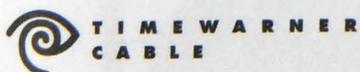

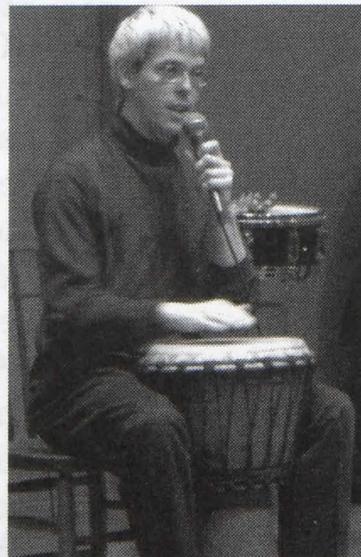

PerformanceXtras are for those who want to learn about the people and traditions that create the master-works on stage.

At Merrill Auditorium, in local schools and at other special locations, you can enjoy pre-curtain talks, illustrated lectures, interactive workshops, special performances, master classes and more. Some of these are to give teachers greater resources. Some provide enhanced curriculum opportunities for students. Some allow audience members to go inside an upcoming event for extra insight into what makes "Great Performances."

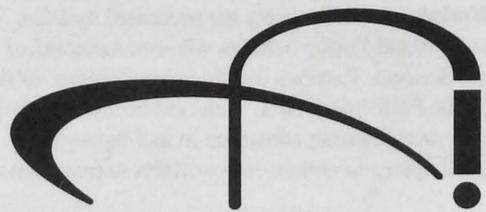

All of them take you beyond the performance:  
PerformanceXtras.

For a full brochure or if you wish to have PerformanceXtras in your school or community, call PCA Great Performances 207-773-3150.

# Portland Stage Company Programs

---

## **The Early Show** – sponsored by Bell Atlantic

*The Early Show* 10AM matinee series is a deeply discounted program that has made professional theatre affordable and accessible to both students and seniors throughout southern Maine for over fifteen years. Participants receive copies of the scripts for each production, resource guides with suggestions for pre- and post-show activities, and a subscription to *Prelude*, PSC's newsletter. Discussions with the cast immediately follow each matinee performance, providing an outlet for questions and ideas about the production, the theatrical process and the play itself.

## **Adopt-a-School** – sponsored by Cole-Haan

The *Adopt-a-School* program was created collaboratively by the Portland Public School System and PSC during the 1992-93 season. Its goal is to uncover unique ways of using theatre in the classroom as a learning tool for the study of language, history, social science, visual and performing arts, science and technology. The *Adopt-a-School* program includes pre- and post-show workshops for every show in the season and in collaboration with teachers works to integrate theatre into the school curriculum. During the 1997-98 season Lincoln Academy, Massabessic High School and Mt. Ararat High School will join Deering High School, Fryeburg Academy, and South Portland High School as participants in the *Adopt-a-School* program.

## **The Intern Program**

Portland Stage Company's Intern Program is dedicated to training future generations of theatre professionals. Internships are offered in Administration, Directing/Dramaturgy, Stage Management, and Technical Theatre. An internship at PSC offers rigorous training in all areas of theatre, opportunities to work with professional artists and administrators, hands-on experience in the operation of a professional arts organization, and the potential for developing and enhancing the skills necessary for a career in the theatre.

## **The Circle of Stars**

*The Circle of Stars* volunteer corps gives community members the opportunity to be part of the action at Portland Stage. There is always something to do around the theatre and we want to make every effort to find just the right place for your talents, your desire to learn about theatre, or your interest in meeting new people. Volunteers are needed in administration, hospitality, production support, special events and as ushers. If you're looking for a way to support the arts in our community, we welcome you to become a PSC volunteer!

## **Scholars on Stage** – sponsored by R. M. Davis Inc.

The *Scholars on Stage* Humanities Series invites guest scholars from various humanities disciplines to illuminate the historical, social, political, cultural, and literary issues raised by each of the plays in PSC's mainstage season. *Scholars on Stage* allows audiences to explore the challenging questions often raised by PSC productions. These discussions are held following the first Sunday matinee of each production and are free and open to the public.

## **Curtain Call Discussions**

A long-standing tradition at Portland Stage Company is the *Curtain Call Discussion* immediately following the second Sunday matinee performance of each play in the season. These post-performance discussions are free and open to the public, moderated by PSC's Director of Education and Outreach, and provide audiences an opportunity to discuss the production with the actors.

## **Pay-What-You-Can Night**

The 9PM performance on the first Saturday of each production is reserved exclusively for the Pay-What-You-Can program. Tickets may be purchased at the box office for any amount.

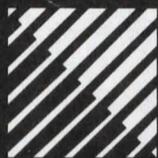

## **Rush Tickets**

Based on availability, Rush Tickets may be purchased one hour prior to the start of a performance at half the regular ticket price.

# Creating a Memory in 3 easy steps!

*The 1 Carat Engagement Ring  
A lifetime of Memories*

**1) Love.** It's the first ingredient in every special memory. Love is what fuels the fire that creates the moment or special occasion, which becomes *the memory*. At

G.M. Pollack & Sons we spend our days helping friends and neighbors make moments and events extra special memories. Memories that begin with gifts from the heart. These gifts become the wonderful reminders of the special memory!

*“My most special memories with Doris always come from times when I've mixed equal parts of love and spontaneity with a special piece of jewelry from the store!”* Stan Pollack

**2) Spontaneity.** So often our cherished memories are the result of doing something fun on the spur of the moment. Will you ever forget the day you went to the circus on the spur of the moment with a friend, and you ended up falling in love?

*A favorite, the Clown Pendant*

Or the time he gave you the cute clown pendant to commemorate the circus visit. Your trip to the circus will always be remembered with affection when you wear the clown pendant..... So often, the best memories are remembered with a piece of jewelry.

*You honeymooned by the sea.... he gave you a Sapphire so you would never forget the ocean blue.*

## **3) A special gift = a special memory!**

The best way to create a treasured memory is with a special gift from G.M. Pollack & Sons. We have the perfect gift for Anniversary, Birthday, Christmas, and holiday memories or even for that Thursday afternoon when you decide to be spontaneous and fall in love. *G.M. Pollack & Sons has been helping create special memories for almost half a century.*

## Director's Notes

*Culture of Desire*, a world premiere happening here at Portland Stage, is a co-production with the City Theatre of Pittsburgh and the Saratoga International Theater Institute, and is presented in cooperation with the Andy Warhol Museum.

A new play asks crucial questions about what it means to live in our times. It is a reflecting pool in which we can see ourselves from different perspectives. The question at the heart of *Culture of Desire* is about consumerism. Many of us live in a constant state of desire for things: objects, wealth, fame. When did we transform from citizens of the United States of America to consumers of the United States of Amnesia? What does it mean personally, politically and spiritually to be treated as a lifetime consumer? How does it effect us to be born into a culture where the fulfillment of desire through the abnegation of individuality and responsibility is the norm? What does it do to a person to be treated as a consumer and not as a citizen?

In shaping *Culture of Desire*, Andy Warhol and the culture that created him was our access to this significant theme. He was and remains true to where the culture of desire has brought us. Andy Warhol made art from the present moment. He fetishized our culture and our desire and created art from it. Warhol became our metaphor and central figure because he projected the vast emptiness that reflects us profoundly.

The structure of *Culture of Desire* loosely follows Dante's journey through "The Inferno." In the middle of his life, Dante finds himself lost and disoriented. His hero, the poet Virgil, appears and offers to guide him through hell. Dante accepts and the adventures begin.

Following the allegory of Dante through hell, the scenes for *Culture of Desire* were written and staged by the SITI Company. The text is drawn from many sources including Dante's "Inferno," interviews with Andy Warhol and his contemporaries, writings on consumer culture, magazine articles and advertisements.

## Saratoga International Theater Institute

SITI, The Saratoga International Theater Institute, was founded in 1992 by Anne Bogart and Tadashi Suzuki to redefine and revitalize contemporary theater in the United States through an emphasis on international cultural exchange and collaboration. Originally envisioned as a summer institute in Saratoga Springs, NY, SITI has expanded to encompass a year round program based in New York City with a summer season in Saratoga. SITI's three ongoing components are the creation of new work, the training of young theater artists and a commitment to forming partnerships with international collaborators. SITI believes that contemporary American theater must necessarily incorporate artists from around the world and learn from the resulting cross-cultural exchange of dance, music, art and performance experiences.

## McCue's Estate Planning Quiz

**PROBLEM:** Enoch Flintstock, a crusty Portlander, has one soft spot: he dearly loves, and wants to support, the performing arts. But Enoch also has two hates; he hates to give up income and he hates to pay taxes. *Can Enoch be both as generous and as frugal as his Yankee heart desires?*

**ANSWER:** Yes. By giving appreciated property to a charitable remainder trust, Enoch can a) avoid paying any capital gains tax on the property's sale; b) increase his income through the trust's investment of the sale proceeds in high-yielding securities and c) happily for Portland, upon his death, make a large capital gift divided neatly among the Symphony Orchestra, the Stage Company and the Concert Association.

**MORAL:** With the charitable remainder trust, Scrooge himself could become a philanthropist.
